

FEELING OF HAPPINESS

Happiness is a feeling,

So special,so tender,

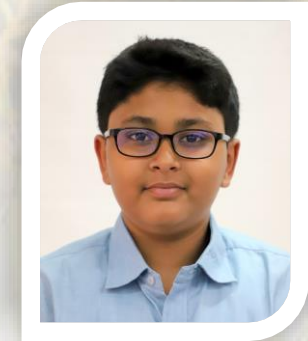

It can't be described only expressed.

Happiness is like a flower

It grows and grows,

Until one day It blossoms,

And the very next day it turns into fruit.

Is feeling of nature .

Happiness is something you get when you,

FEELING OF HAPPINESS

Happiness is not a feeling,

But also a boomerang.

When you spread it to the good one ,

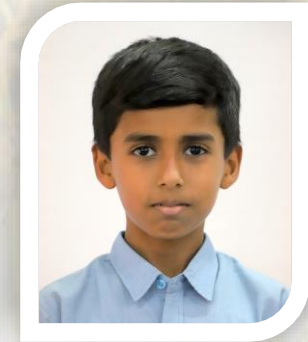

You get his help in return.

But it doesn't return ,

When you tease.

You spread it, you get it,

It returns when you spread good.

FEELING OF HAPPINESS

**Feeling of happiness is within me,
Which erases the thought dark deep.
I can't express how good I feel,
When my brain starts to heal.
It feels like you've reached the height!
From that still water, to waving tides.
If you think your life has no shade,
And is full of pain, try calling out.
Oh happiness, it will bring back all.
Make our life colourful and wonderful.**

**Some play or dance,
Its happiness at a glance.

Forget everything and leave the rest.**

FEELING OF HAPPINESS

All these pure memories,
I remember them all.
These times with my mom,
Or shopping in the mall.

Now my happiness reaches high,
I love baking a chocolate pie.
And i love a great sight,
Of the shining joyful light.

Oh lord I am grateful for this joy,
It is surely more than buying a toy.
If I am out of happiness you say,
Remember these memories you cherish everyday.

**A feeling of happiness,
Is one of the best,
It is one important life test.
It is hard to earn,
But the journey helps you learn.
Once I earn,
My life will take a turn.
It is easy to lose,
But be sure to take a snooze.**

FEELING OF HAPPINESS

**From the time I open my eyes,
A new season revives.
Waiting for the beauty to arrive,
Today nothing I like will deprive.
I run past meadows,
Jump on puddles.
When bees are buzzing,
And frogs are jumping.
When birds are singing,
I hum like bees.
When the trees are dancing,
I drum like drops.
Feeling of happiness is what,
Brings the purpose of life.
Happiness is a feeling which bonds us all.**

A lovely time,
Playing in the rain,
From time to time.
Splishing and splashing,
And fooling around
Playing with my family
Gives me the utmost happiness.
Rolling with my dog,
And riding about.
The feeling of happiness,
A feeling so nice.**

FEELING OF HAPPINESS

Running through the lush-green meadows.

Staring at the velvety black sky through windows.

A sip of tea in the light rain shower.

Taking in the fragrance of a flower

Watching the day turn into night.

Witnessing the blissful form of light.

Curling up in a blanket in winter.

Not having to step on any splinter

Joy filled in the moments held tight.

With happiness, everything around feels right.

Stay happy and hold on to love.

Then everything will be sent from above.

FEELING OF HAPPINESS

The joy that comes together,

Stays within us forever.

All the cherished memories of life

Went smoothly like a swift knife

Starting from the childhood walks,

To all the endless talks.

Walking around the school blocks,

And sitting by the ocean rocks

The fun and laughter we shared,

All the people who cared.

The feeling of happiness unites us forever,

And will never come to an end.
