Guess the sport with a bowler,  
Guess the sport with a batsman,  
Guess the sport which treasures a wicket,  
Well guess not my friend , for it is the play of cricket.

The batsman hits a six or four,  
And when he gets out,  
The bowler says “No more”.  
That's when the crowd lets out loud.

It is a sport played worldwide.  
It is a sport I play day and night.  
M S Dhoni as its coolster  
Just makes the game look right.

# MY FAVOURITE SPORT

Football is my favourite sport,  
All you need is a ball.  
Playing with friends all night,  
Or till my mom's call.

And when you've nutmegging people or dribbling past them,  
Or doing your happy dance after a goal.  
Don't mind them being sad,  
Its isn't something bad.

Whether its passing to a friend for an assist,  
Or stealing their shot.  
Don't feel guilty even a little bit,  
Because all that matters are the heroic moments we got.

**My favourite sport is Badminton,  
The best of it is Lin Dan.  
My favourite player is Lakshya Sen,  
To become like him, includes a lot of pain.**

**I smash till I drop,  
Whenever I smash, I hop.  
Winning a match is so much fun,  
My racket feels like a gun.**

**My goal is to become the best,  
For this I have to leave the rest.  
Perfection doesn't come for free,  
For that I have to be the better version of me.**

# MY FAVOURITE SPORT

Sports is my escape,  
Its my world's landscape.  
It is my day and night,  
Keeping goals, filling my sight.

Basketball gives my happiness  
Its where success is doubtless.  
Playing it is something that brings joy,  
It gives a space where we all enjoy.

Hours of practice and sweat,  
But having fun is always my bet.  
Dedication, determination and hope,  
Hold on to it like a tight rope!

# MY FAVOURITE SPORT

The squeak of sneakers,  
The dribbling balls,  
The swish of the ball,  
Is the best melody among all.

I will stay there for an hour or two,  
And when I hit the hoop I say “woo-hoo!”.  
Playing the game makes me feel alive,  
And feel that the world is alone mine.

Do a layup but do not travel,  
And when you pass be careful.  
Never with your team you shall fight,  
In basketball this is how you show your might.

# MY FAVOURITE SPORT

Dribbling with the ball around,  
This is the sport my destiny found.  
Learning to play in a team,  
Its for the ball we always scream.

From calling out each others names,  
To taking in new games.  
Running up and down the court,  
Is my favourite part of this sport.

To just win a match,  
We get the ball, shoot and catch.  
This sport is filled with fun,  
With which i can never be done.

Hockey is my favourite sport,  
I love it till my core.  
It's not about the stick and the shot,  
It's all about your wits and gut.

Hockey It's not about the skill,  
It's all about your will.  
Hockey isn't a game of mere luck,  
It's a game with a lot of fun.

Hockey is a wonderful sport,  
Where you can never be bored.  
Hockey the national sport,  
Of our dearest country.

Badminton is a sport,  
Which everyone enjoys.  
It brings light to my day,  
Playing it I glow like a sun ray.

It's an active game,  
That everyone can grasp easily,  
The racket-a smiley face,  
That keeps my smile on always.

When the shuttle whooshes on and down,  
We make sure we don't frown.  
We hit it with concentration,  
Just like we do for our examination.

# MY FAVOURITE SPORT

Whether it be day or night,  
Sports will always be in our sight  
Sports give us a message,  
That along with studies it gives a perfect package.

A dip in the water is loving,  
And so my game, I call it swimming.  
From the crack of dawn to the last ray of sunshine,  
My interest for swimming always shines.

Like every leader on the track,  
He never lets our team back.  
Whatsoever about him I say,  
I always need my coach to walk me to the right way.

Swimming is something I like,  
I Like it as it's just so nice.  
Swimming, in the water so cold,  
In the beautiful evenings where the sun was so bold.

My panting breath I hear so fast,  
While I swim past the bars till last.  
I move my arms, I move my legs,  
I swim like a fish to reach the end.

The strokes are steady, the movement is slow,  
It is a skill I am happy to know.  
Swimming is so cool,  
It is something I will always love and cherish.

# MY FAVOURITE SPORT

The game consists of two teams,  
The people with different mindset and from different streams.  
The game with running and jumping,  
The referee shouts a foul when he sees tripping and bumping.

An entertaining team game,  
Known for its popularity and fame.  
Team to team the ball passes,  
The team gets disqualified with some causes.

The opponents snatch the ball when you turn,  
Even that situation is a way to learn.  
If the team scores more than the other,  
Then the game comes to an end.

The last part is not to forget that,  
Your opponent is your most important friend.

# MY FAVOURITE SPORT

In table tennis you spin the ball,  
Hit a backhand on the spot,  
Smash counter or just defend,  
It's your choice, the game will never end,

Run around to hit the ball,  
Win a game and scream, "we're on!"  
Play doubles and singles with your friend,  
It always works out in the end.

Or simply play hockey and drift away,  
Be swift and smart to win the game,  
Pass the ball to score a goal,  
You can't stand there and be a bore.

# MY FAVOURITE SPORT

There are many sports I like,  
But one among them is cricket.  
Cricket , my favourite sport,  
I like it because it is so fun.

We hit sixes and fours,  
To gain the score.  
We aim and hit a ball,  
Keeping in mind that it doesn't hit a wall.

Bowlers fell sad for throwing a wide,  
Batters feel gaining a run.  
Winning or loosing is part of the game,  
Participation makes the game the best.

# MY FAVOURITE SPORT

A sport including life skill and practice,  
A sport including dedication and tactics,  
A sport played with a ball so round,  
A sport where I found so profound.

A sport I love a lot,  
A sport where I found talent,  
I like to learn with Tanay the best,  
He is a player who never lets me rest.

I have learnt a lesson from this play,  
My talent is developing and can be moulded like clay.

As I jump into the water,  
Beating off all the competition.  
Fast, faster and the fastest I increase my speed,  
Paying discouraging words '0%' heed.

I am now a growing seed,  
To win competitions, some support I need.  
I really appreciate that support I get,  
When I come out of the water all wet.

**My favourite sport is not played in a hall,  
Neither is it played with a ball.  
We play it on the field,  
Till we make our opponents yield.**

**Athletics has so many events  
With some of the most fun tournaments.  
100m, triple jump and long jump,  
All of these give me motivational pump.**

**How can I forget it?  
A sport which doesn't make us gritty.  
A sport which doesn't have a field or a court  
It has 3 innings making it one of my favourite sport.**

The water splashes around,  
Running wild on the ground.  
Jumping into the pool,  
In a joyful school.

Water gushing through,  
With the majestic colour blue.  
Cutting through the water,  
Like a sharp cutter.

This is my favourite of all,  
Play in the pool with a ball.  
Being in water is a bliss  
It's something you should never miss.

**My favourite sport is Formula 1  
Watching it without even blinking is so fun.  
Max and Louis competing always,  
Just waiting for the last lap creates suspense.**

**People chant and cheer,  
The names that they hold dear.  
Singing high and singing low,  
With an uproar and an enchanted flow.**

**Drive in a speed,  
Let nobody lead.  
I love this sport for  
The fun it always bore.**
